Question 1

WHAT IS GAP ACCOUNT?

1. GAP stands for 'Gold Accumulation Programme' and in simple language means gold gram accumulation programme.
2. The concept is more or less the same as a saving account in a bank, the difference is that it collects **grams** (weight of gold) instead of RM.
3. When money is deposited in the system, it will be directly converted into **grams** in the GAP Account.
4. No monthly commitment. However, you are advised to save consistently to get good results.
5. Able to buy and sell gold at anytime, 24 hours a day, 7 days a week online.
6. You can also withdraw physical gold and keep it by yourself (the smallest item that can be withdrawn is 1 gram).
7. A minimal Gold Premium charge applies for each item withdrawn.
8. Leave a balance of 1gram in GAP account to remain active.
9. GAP account will be closed when there is no balance in the account.
10. Save gold with Public Gold for **free** with no time limit and no gold amount limit and **no deposit fee**.

Question 2

HOW MUCH CAPITAL IS REQUIRED TO OPEN GAP ACCOUNT?

Only with the purchase of gold as low as RM100 or the purchase of 1g gold according to the current gold price of GAP in the Public Gold website (<https://www.publicgold.com.my/>).

EXAMPLE OF CALCULATION

EXAMPLE - Price of gold on the day of purchase is RM270/gram.

If you buy 1 gram: Deposit RM270

If you buy 2 grams, the amount to be paid is: $RM270 \times 2 = RM540$

If you buy 5 grams, the amount to be paid is: $RM270 \times 5 = RM1350$

The same goes if you want to buy in multiples of 1 gram.

- If you buy RM100, total grams credited into your GAP Account is:
 $RM100/RM270 = 0.3703$ grams
- If you buy RM350, total grams credited into your GAP Account is:
 $RM350/RM270 = 1.2962$ grams

The same goes if you want to buy in multiples of RM100 (min) and RM50. Gram conversions are calculated up to 4 decimal points.

- This is just an example of a calculation to make it easier for you to understand.
- **AUTOMATIC CALCULATION** is in My GAP portal.
